GUZZLER GUZZCAVATOR

STANDARD OPTIONS

Ultra quite blower inlet and exhaust silencers

2" ball valve discharge silencer drain valve

2" ball valve final filter drain

21/2" cam-lock water fill

Direct drive Omsi transfer case - air shift

Transfer case shift protection

(60) 70" Bag filtration w/ air cannon

Wet and dry operation (no change over required)

Weather tight control banel box with master switch,

Tachometer-Hourmeter, blower discharge temp gauge,

throttle control, vibrator controls, vacuum relief switch,

E-stop button and hydraulic pressure gauge.

PTO driven constant pressure HYD pump

Electronic backup alarm

4" manual vacuum relief valve/ air inlet valve

8" air operated relief valve

Color coded sealed electrical system

color coded air lines

Electric vibrator

Tailgate platform and ladder

Float level indicator

6" flanged decant connection, bottom center

radial diversion wing

8" top inspection port

8" vacuum pipe package with 8" dig tube

Top loading port 8" at rear

Non skid safety grating

Cat walk and fold down hand rails for debris body

Heavy duty boom flange

S.S. Float ball shut off

Hydraulic oil tank with sight gauge and shut off valves

Baghouse / cyclone chamber dump dupes with full open doors

Baghouse / cyclone chamber side access clean out doors

Rear door and debris tank safety props

6" in line vacuum relief valve

remote pendant control with 55, cord

25' grounding cable

digging lance package w/trigger shut off

dig tube handle assembly

rear door vacuum port 45 deg. Elbow

2" water tank drain

75' retractable handgun reel

Multi flow water system

Wireless remote w/ water pump controls, vacuum relief valve

Grounding cable tieing chassis frame, subframe and chassis

tool box passenger side chassis frame. 24x24x24

right start training

Hydrant Wrench

5lb fire extinguisher and safety triangles in cab

LED lights, clearance, back-up, stop, tail and turn.

ISO 46 hydraulic oil

camera system rear only

rear door splash shields

(1) 2 and (1) 3 jet digging nozzle

20 gpm @ 2500 PSI water system

6" manual knife gate decant

8" 7' telescoping boom

Sludge circuitry (no pump)

Hydro excavation cold weather package

Cold weather recirculation system

Air purge

Water heater 400,000 BTU

PAINT

White to Match Cab Standard Black Power Module

CHASSIS

2019 Kenworth T880 Tandem Axle w/ Pusher Chassis, Cummins ISX12, 425 HP Engine, Eaton Fuller FRO-16210C Manual Transmission
